

Sample "House Wish List" for Prospective Clients

Congratulations on your new project! The first step to starting the design process is creating a list of your needs and the types of spaces/qualities/activities that you would like in your future house or renovation, then grouping them by priority.

The table below is an example from a previous project to show you of what this could look like. Now it's your turn: fill out the table with the activities, spaces and/or features that you'd like to have in your dream home.

PRIORITY #1	PRIORITY #2	PRIORITY #3
MUST HAVE	WOULD LOVE	LIKE THE IDEA OF
<i>Passive House</i>	<i>Bathroom with shower on lower level</i>	<i>Concrete pad on driveway for playing basketball</i>
<i>Eat-in kitchen</i>	<i>Den to be on lower level for guests with limited mobility</i>	<i>Collecting rain water to use for flushing toilets, watering plants/garden</i>
<i>Lots of storage</i>	<i>Exposed timber</i>	<i>Short(ish) driveway</i>
<i>Den that can be closed off from the rest of the living room; doubles as kids' play room & extra guest room</i>	<i>Ready for future solar panel installation</i>	
<i>3 bedrooms</i>		
<i>Office for computer work and art projects</i>		
<i>Screened-in porch for lounging & dining</i>		
<i>Lawn area for kids to play, within view of kitchen</i>		
<i>Space to entertain: we regularly host 6-8 person dinner parties</i>		
<i>Being able to host visiting family for 3-4 days comfortably</i>		
<i>Small wood-burning stove for coziness</i>
